Your ministry will continue to be incomplete without partnering with the wisdom, giftedness, and extraordinary ministry of Reset. Unfortunately, the teachings of Reset are inconsistently taught in churches today. Partner with Reset to bless your leadership and congregation. Reset will be a force multiplier for the Kingdom of God in your ministry. The life transformation that has occurred makes me consistently think of ways to partner with them in the future.

I am a professional counselor and have walked many through their own healing process. There is not one person who I don't encourage to participate in Reset at least one time. For several years, I have experienced Reset in several capacities – as a participant, volunteer, and speaker – and I can truly say that there is not one person who could not benefit from Reset. The beautiful thing is that once you attend a retreat, you are not left alone to figure out your newly-found freedom. There are process groups to help you continue the growth process. Any church or ministry leader would do their congregation an amazing service of freedom if they would participate in this life-changing ministry.

CHERIE PORRAS, MA, PC

I decided to partner with Reset mainly because I  experienced a Reset Retreat for myself. When I saw the incredible things God did through this ministry, I knew that I needed to bring this to my entire congregation. Too many Christians have come to accept and live with the very things that Jesus died to set us free from.

A ministry like Reset is exactly what our church was missing. It has been the perfect addition to our discipleship process. We had ministries in place for discipleship, but nothing this focused on finding freedom. Reset will take what you're doing and deepen it.

The impact of Reset on my church has been amazing. I've seen people finally be able to take a step forward in their spiritual growth because they were finally able to leave things behind that were weighing them down. There are so many people that could benefit from this ministry if they only knew about it!

JOE SKEENS
LEAD PASTOR AT FOUNTAIN CHURCH

I am the CEO for a Christian homeless ministry in Flagstaff, AZ. We have 150+ people in our shelters at any given time. We found Reset when we needed expert help in the area of spiritual healing, restoration, and abundant life. We researched inner healing and transformational ministries all over the US. After a year of exploring numerous options, my Shelter Director and I went through the entire prep course and retreat ourselves. It was powerful for us personally! We then introduced it to others in our ministry and city.

Truly, there are no words to explain the impact Reset has had on our ministry. Once we saw the hand of God so literally change the trajectory of people's lives, it created an even deeper hunger within us to see lives healed and transformed. People have discovered a new revelation of who God created them to be and who He is. This new understanding of identity has changed how they approach every aspect of their lives going forward. The enormity of this is beyond words.

I would highly encourage Pastors or Ministry Leaders to bring their spouse or other trusted partners and experience this unique ministry in person to see what God does. The Reset Ministry Leaders are anointed teachers who go to scripture for every part of this work. The Holy Spirit shows up and people leave forever changed. We have found a partner in Reset Ministries who we trust. They have become forever friends in Christ.

Participant TESTIMONIALS

Rocky
Reset has meant so much to my spiritual and emotional growth. A ministry that has given me the grace and truth I needed to get free and remain free. Everyone needs a trusted and safe place to process life and discover the path God has laid out for them!

Briana
Reset provides tools that I believe are beneficial to anyone regardless of where they are in their spiritual or mental health. Reset does a beautiful job of combining Christ with a psychological base and helps get to the root of issues rather than placing band-aids over things... I love their heart, faith, passion, dedication, wisdom, and mission.

Roxana
Reset is overflowing with grace, truth, healing, and community. They are extraordinarily gifted to walk alongside those who need help. This place is heaven-sent. God knew my heart needed a "Reset."

Sandra
Being part of Reset has literally changed my life.
